OUR MANIFESTO

It seems everywhere we go, no matter the occasion, we're yearning for a sense of relief. A comfort in where we stand. And for many of us, it's not just where we stand. It's how we stand and what's keeping us going. It's easy to forget (and neglect) what allows us to stay active and on to our next venture. After all, the root of what keeps us stable, upright, and moving, is our feet.

An MANWELL, by definition, is something that brings you a sense of soothing and comfort. The comfort we desire (and in some cases need) is unique to each of us. We believe that you deserve shoes that will meet your comfort and style needs, and allow you to maintain an active, healthy and productive lifestyle.

SHOE TECHNOLOGY

STYLE

With Manwell Industry, you genuinely want to wear your shoes. The materials we've used and designers we've engaged have succeeded in bringing you a product that will effectively address both your aesthetic and comfort needs.

COMFORT

The combination of our lightweight outsole, padded collar and tongue, and seamless microfiber lining provides the highest level of comfort for sensitive feet. We've designed all styles to prevent irritation and provide pain relief.

PROTECTION

All of our shoe styles offer extra depth (5/16 inch) to accommodate feet of all shapes and sizes. Additionally, we incorporate a protective toe box, strong shank and rigid heel counter to help prevent any potential injury.

SIZING

We designed our shoes to fit fuller in the instep and toe box in order to add some additional room for your feet. If you're in between sizes, we suggest sizing down. For width conversions, see below.

SLIPPER TECHNOLOGY

No matter the occasion, type of weather, or time of year, wearing comfortable, proper fitting footwear isn't an option - it's a necessity.

Even when indoors, it's incredibly important to have the appropriate shoes or slippers on. Being barefoot is not an option. Something as simple as stubbing your toe or stepping on a random something can potentially lead to a serious foot complication.

For all your indoor adventures, or lack thereof, our slippers are designed to support you every step of the way.
